Tox-Away Day Now A Weekly Event

The Allen County Department of Environmental Management (ACDEM) will launch a weekly Household Hazardous Waste (HHW) drop-off program at their refurbished facility located at 2260 Carroll Road, Fort Wayne. The HHW drop-off program will be open to the public every Tuesday from 9 a.m. to 2 p.m., **starting July 10**. Minimal fees and a weight limit of 50 lbs. will apply.

For many years, the Allen County Solid Waste Management District offered an annual Tox-Away Day in September as the only opportunity for residents to properly dispose of household hazardous materials. This year has brought a name change, program expansion, and new affiliation. Tox-Away Day has been a popular program over the years and ACDEM recognizes there is a greater need for a weekly HHW drop-off program.

A downloadable map to ACDEM's Household Hazardous Waste Facility along with items accepted can be found here: <https://tinyurl.com/y9vcpnhu>.

Drop-off Hours:
Tuesdays, 9 a.m. to 2 p.m.

Drop-off Location:
2260 Carroll Road, Fort Wayne, IN 46818

Note: Must enter the HHW Facility via Recovery Road from Lima Road

We encourage Allen County residents and small businesses to reduce purchasing toxic HHW products and give away leftover HHW products to others who may need to use them for intended purposes.

Small businesses and nonprofits in Allen County who are interested in our new HHW service must make an appointment with ACDEM by calling the HHW Facility at 260-449-4433.

For more information, Allen County residents can visit ACDEM's [website](#), follow ACDEM on [Facebook](#), or call 260-449-7878.
